## WORK EXPERIENCE

---

**Juvare, LLC**  
*Web Developer*

**2020 – Present**  
*Atlanta, GA*

- Use web developers skills (HTML5, CSS, Javascript, jQuery, etc.) to iteratively configure and customize the product interface.
- Evaluate code to ensure that it is valid, is properly structured, meets industry standards, and is compatible with browser, devices, and operating systems.
- Identify problems uncovered by testing or customer feedback and correct problems.
- Collaborate with management or users to develop e-commerce strategies and to integrate these strategies with web sites.

**Acorn Stairlifts**

*Web Designer, Web Developer*

**2019 – 2020**  
*Orlando, FL*

- Designed and built websites for company microservices, the StairSafe mobile app, and Acorn Club account management system.
- Work in jQuery and vanilla JavaScript to create reusable, dynamic, front-end UI components.
- Maintained backend services created in Node.js and SQL..
- Promoted within 3 months from junior position and led a team of two designers/developers. Worked cooperatively with a team of SEO specialists and content writers.

**NBC Universal**

*Technical Projects Integrator*

**2018 – 2019**  
*Orlando, FL*

- Show-control programming. Programmed audio, video and lighting systems in accordance with show direction.
- Used updated wireless technology system to sync audio for Mardi Gras 25 floats.
- Coordinate and manage vendors and contractors.
- Update venue documentation.
- Logistics and inventory management.

**Presentation Audio-Visual Services**

*Technical Systems Specialist*

**2017 – 2018**  
*Orlando, FL*

- Design and operate systems to support end-user tasks and functions.
- Improved the accuracy of client invoices with regular correspondence with clients.
- Assist users with operating systems in simple, non-technical terms.
- Prepare project correspondence with clients.
